CPress

your guide to all things CPATH

It is hot as the sun here in Central Texas and the CPATH programs are heating up too this summer!

Our CPals have participated in adaptive rowing, wakeboarding, and 25 families (90 people!) will join us next week for summer fun at Morgan's Wonderland.

**The Green Machines** were nominated for the "Texas Recreation and Parks Society (TRAPS)" a professional state affiliation for parks and recreation professionals and...**WON!!!** The award was presented to The Green Machines team and coaches in May.

Our **Equipment Closet** continues to serve the Central Texas population and also break barriers and serve our international friends in need.

We awarded our 84th CPATH **Grant** to a thriving equestrian.

These programs and MORE are made possible because of **YOUR** support!

Become a **Sponsor** or an **In-Kind** donor today for our **8th Annual LIGHT THE PATH** fundraiser.

Your Sponsorships help fund these exceptional programs that build friendships, confident athletes, and empower individuals with cerebral palsy!

## CPATH Programs

The **Equipment Closet** serviced the Northern and Southern edges of the North American continent last month.

We had a fantastic family drive 1,600 miles from Toronto, Canada to CPATH's Equipment Closet to retrieve a truckload of medical supplies for their child!!

We also had a ministry group select 2 wheelchairs for their mission trip to Guatemala. Lives will be changed!!

This is what our Equipment Closet is all about - Fulfilling the needs of ALL at no cost so that ALL can lead a fulfilling life!!

K\* at Special Olympics 2022

"K\*" gets up at 6 am every Saturday and puts on her riding gear in anticipation of her 9 am riding time. The minute she gets off her horse she is anxiously awaiting her next ride.

Horse riding has given her confidence in both her physical and mental abilities. She has made lifelong friends with other riders and has found joy in the topic of horses that she has not found in anything else.

This funding allows her to have some autonomy and independence with her finances that bolsters her confidence in this pursuit. " Parent of K\*.

The CPATH **GRANT Program** is available year-round for immediate consideration.
